One of our favorite black bulls raised to date. God Of War pretty much speaks for himself, sure bet calving ease, performance and incredible maternal strength. All along he has been a standout and admired by many. His dam Ruby 52C is at the top of our program and entering the donor program this year. We have been very happy with our State Of War calves and want to incorporate this guy in our program through AI. Homo Polled and Homo Black by parentage.

A member of our show team this dark red hairy Regulator son has a ton of length and muscle as well as style, his dam is an excellent Red Power cow that stems from one of our very best red cow families. A bull we really should be retaining in our own herd if it wasn't for as many related to him. A bull we have rated very high and admire a lot.

A stand out two year old this sky high son we kept back to clean up on heifers, he also was part of our pen of 3 from the 2019 Bull Congress. A very hairy stylish correct bull this guy has calving ease, maternal and performance all built in. His dam is one of our stand out cows raising three show animals in a row, her 2019 born heifer was second in class at Farm Fair and sold to Anchorage Farms at Angus Collection and her 2017 born son was a show bull and lead off in our sale selling to Frank Leslie. Pictured is his two maternal sibs.

Another stand out feature lot from the great Tip Top 15A cow. This guy is a maternal brother to Intimidator our former herd sire till we lost him and Innovator. His dam, Tip Top, has been our feature Angus show cow and being a daughter of the great S A V Bismarck explains why she is such a top producer. This guy really should be retained in herd but since we have so many related we are offering him up. A bull that has not been pushed but displays a lot of freshness and natural muscling, length and depth to make him a true stand out along with being sire by the popular \$150,000 Sky High.
