## EPD INFORMATION

EPD's are "Expected Progeny Difference." They are a useful tool in selection. EPDs incorporate the individual animal with its averaged ancestry performance. EPDs do not compare across cattle breeds. They are individually based per breed. EPDs indicate a probable variance above or below breed average for that trait for a given bull's progeny. Use them for guidance in the direction you want your herd to go. EPDs are current as of publication date.

# welcome from

## FIRST CLASS CATTLE MARKETING

Welcome to the 25th Annual Checkers Simmental Sale, the longest running Red & Black Simmental sale. I would like to thank this great set of consignors that have the faith in this sale to come back year after year. Is it because of you, that 25 years has been possible. I would also like to welcome the new consignors to the sale, as well as the past consignors that have taken a short absence and are back in the sale. It is with your help that we will be able to run this sale for another 25 years.

On offer this year for 2019 sale, is a truly great set of Simmental cattle. The bred heifers are the kind that you can truly build a program around. There is a large number of donor prospects that will be the future matrons of the Simmental breed. The heifer calves on offer are possibly as good of set that you will find anywhere in the breed. They have the ability to not only become show females and be successfully campaigned, but to also be taken home and bred to the right bull to be made into the next up and coming females of the breed. There will be a bull calf on offer from Corner Stone that is of high quality and can be used as feature herd sire in many purebred Simmental programs across North America. Two proven cows will also be on offer. Take these cows home, calve them out and put them directly into the donor pen. A number of these cattle will also be influenced by the Profit bull, bred to the Equity bull or out of the Smarty Pants cow. These individuals have done amazing things across the breed and there are frozen genetics that will be marketed by Bouchard Livestock in this very sale. Please contact Brian or Chad for more information or to acquire genetics in these truly great individuals as well as a number of fantastic sons and daughters.

I encourage all of you to contact the individual consignors directly to discuss their consignments with them. The entire staff at First Class Cattle Marketing will also be very familiar with the offering. It would be our pleasure to assist you in a professional manner to acquire your next Simmental genetics. DLMS will also be onsite if internet bidding is what you prefer.

I hope to be able to visit with all of you on December 21st in Ponoka and wish you all a very Merry Christmas and a Happy New Year.

87	-	6.3	4.5	74.1	105.5	25.7	2.2	62.7

Income is an ET son of Profit and MRL Countess 5408C. He was raised by a heavy milking first calf MRL Discovery sired commercial recip that did an amazing job! This calf keeps getting better and better with age! He is extremely free and easy on the move and covers the ground nicely, he possesses that herd bull presence and struts his stuff very well. He is very long bodied with adequate thickness and depth that will make those moderate females produce outstanding herd bulls and females alike. Again these top prospects have to be backed by sound, solid, functional females and that is truly the case here with the outstanding MRL Countess 5408C whom is a direct daughter of El Tigre, on the bottom side of this breeding piece. She was a high seller for the fine folks at MRL going to Bouchard Livestock, Ashworth Farm & Ranch and Crowe's. Income has been one of those "special from birth" types. He is extremely docile and easy to handle.

MAF CF Tara 188D

This female was purchased from Calvin Fornwald as the high selling female out of Shades in 2017 for \$18,500. Her Full sister, the following year, sold out of Meadow Acres biannual female production sale for \$30,000. Tara is power and grace all in one package. She is whistle fronted, guts to the ground, and posses a beautiful square, balanced udder with nice small perfectly placed teats. Tara is the kind of female programs are built around, a true foundation female. A great set of EPDs and flawless design. Her combination of volume, cleanliness and presence make the mating possibilities endless. This opportunity will be the only flush offered on Tara as we continue to grow and improve our own operation with this outstanding female. So take advantage of the opportunity to use her influence in the way you see fit!

AI bred to Profit on April 17, 2019. Exposed to Crossroads Red Stone (7/8) from April 22 to June 3, 2019.

Terms of cow: Selling 1/2 interest, possession negotiable with the option to double up bid for 100% interest and full possession.

It is with great pleasure that we are offering for sale the breeding treasure MAF Reba 250B. Reba is a cow that needs no introduction. She has at her young age already raised many high selling bull calves across numerous sales in Canada and put many females at the very top of bred and replacement heifer pens at a large number of Simmental Ranches. One very notable son was the sale topping \$63,000 phenomenon MAF Full Velocity 117F that was the talk of the Red Simmental Sale Bulls in the spring, raised by Meadow Acres Farms and sold to Hoegl Livestock. This cow has flushed very well in her short career and has been able to raise some very excellent natural calves. She is extremely sound, big footed, deep ribbed, stout and powerful. Best of all she has a picture perfect udder and an abundance of milk. Being sired by the female making Lotto and out of one of the best cows that has ever walked at Meadow Acres she has the pedigree and phenotype for greatness. We would be very proud to work with any Simmental breeder around the world on this great female or double up your money to own her in her entirety, with either choice the potential for success is unlimited.

We will also be offering a pack of three number 1 sexed female Profit IVF embryos out of 250B. We are confident that this mating will produce females that are destined for greatness. With the power, rib shape and udder quality of Reba and the style, soundness and elegance of Profit, this could be an absolute home run. Show heifer and future donor in the making here.

**Three (3) Sexed Female IVF Embryos by Profit Canada & US Qualified. Guaranteeing 1 pregnancy. Stored at Bow Valley Genetics.**

LFS Red Delta 202D

202D's First Calf

Kelly and I have decided to dissolve our partnership and therefore offer LFS Red Delta 202D for sale. She is a very attractive, feminine, long necked young cow with lots of middle and nice thick hip. She stands on good feet and legs and has a strong flat udder that produces lots of milk. She has produced two awesome black bull calves for us. Her pedigree is a who's who for beef producing bulls : Blk Destiny, 600U, Shear Force, Dynamite Black, Bodybuilder, Freedom, Gunner and a little splash of Fleck.

If you're looking for a very productive, young cow with her whole life ahead of her look at 202D.

Exposed to Ty-D's Witch Doctor 11E (Erixon High Roller 143B son ) from April 11 to May 7, 2019. Observed bred April 11, 2019. Preg tested safe.

MMWK Ms Bell 159F

MRL Red Whiskey 101B - Sire

We can't say enough about these Red Whiskey sired cattle, they simply just work. Ms Bell 159F isn't going to be the fanciest, show type heifer in the barn but she is one that's going to be a major producer. She has incredible rib shape, tons of muscle expression on a structurally correct set of feet and legs. We have a full sister in the herd that produced a cherry red Absolute son this year who will surely be a feature calving ease sire in our bull sale next March. A maternal brother by Sheriff was retained for our heifer pen a few years back and has sure left us an impressive group of bred heifers this fall. Tons of production from this cow family and 159F will only keep that trend rolling. She is safe herself to Kuntz Sheriff, a bull we've have extremely good luck with in our heifer pen. I'd expect a highly profitable calf from this mating.

AI bred to Kuntz Sheriff on April 9, 2019. SAFE

Springcreek Lotto 52Y - Sire

If you would have asked us 6 months ago if Syrup 58F was for sale, it would have been a quick No. She was one of the off limit heifers destined to be a front pasture herd builder at our place. Then Darnell showed up for a tour and was adamant he was getting a Lotto heifer for Checkers. With this being the very first Checkers under First Class Marketing we wanted to give him something special to really make an impression so he was given pick of the Lotto breeds and it didn't take him long to single out 58F. I don't think her sire Lotto needs any introduction, he has become one of the breeds best female producing sires. To us Syrup 58F is maybe as complete made of a female ever produced here. When you really analyze her she is massive ribbed, real stout made but yet she is very clean through that front end giving you the ideal pear shaped female. Like all other Lotto Progeny she has big square feet and, is setting down a perfect udder, and has lots of hair. She is backed by a cow family that has been one of the highest producing cow families over the past decade raising numerous sale toppers in our annual bull sale. I really think the icing on the cake is her service to WS Proclamation bull, one of the coolest calving ease bulls available in some time. This is a mating that could pay dividends immediately. Front pasture female, future donor or even slap a show halter on her next fall, this female checks all the boxes.

AI bred to WS Proclamation E202 on April 4, 2019. SAFE

NUG Charm 70F

Deep ribbed, soft made, with lots of capacity and a very gentle disposition. 70F is a maternal sister to our high selling bred heifer last year at Checkers that went to Lenny Mark and Derek Westman. 70F's productive Red Force dam has one of our top replacement heifers again this year. Heifers like this are only offered for sale because of the caliber of cattle that come to town at these prestigious Alberta Weekend sales. Charm will be a low maintenance, highly productive mother cow and one we are very high on.

Bred to Circle G Cash 1C on March 26, 2019.

NUG Keanna 124F

Pear, shaped, square hipped, big topped, deep bodied brood cow in the making here. If cow families are important to you, there are some good ones on the top and bottom of this heifer's pedigree. Heifers like this should be staying at home to raise herd bulls but it is always exciting to see our herd letters in the pedigree of a class winner or high seller. With the younger generation more involved here it is becoming more difficult to get these kinds of heifers out of the yard.

AI bred to MRL Red Force on April 3, 2019.

Circle G Red Magic 840F

Red Heat - Service Sire

SVS Scout 665D - Sire

Red Magic 840F already has the look of a powerful brood cow. She's massive in her rib shape, thick topped, square hipped, feminine fronted and sound in her design. SVS Scout 665D's first sons were popular in the 2019 Circle G bull sale and his daughters may be even better. His flushmate brother, SVS Matrix, sold for \$40,000 and is also breeding well for Maxwell Simmentals. 665D is a dark red beef bull, is very sound with great feet and has matured into an impressive herd bull. His dam is one of Sunny Valley's top cows. 840F is also backed by a strong cow family on the bottom side of her pedigree and offers unique, outcross genetics. A maternal sister to her dam, sired by Circle G Cash, is an outstanding young cow with near perfect udder structure. Red Magic carries service to WHL Red Heat 1734E the exciting red Shear Force son that walks at Circle G and is owned with Bohrsen Marketing. If you like cattle with added substance, eye appeal and internal dimension you won't want to miss out here. 840F offers huge production potential!

Exposed to WHL Red Heat 1734E from April 24 to August 5, 2019. Observed bred May 1. HOMO POLLED

Circle G Sugar Ray 887F

WLB Go Daddy 52Z - Sire

Sugar Ray 887F is an impressive bred heifer that is correct at every angle and has been noticed by visitors at every stage of her life. Her pedigree is rock solid and stacked full of highly productive cows.

Her sire, Go Daddy, was the leadoff bull in the 2017 WLB sale and was purchased with Ter-Ron farms for \$28,000. He is moderate framed with massive rib shape, extra depth, is packed full of muscle yet calves well and moves out free and easy. The bull was highly recommended by Bill and was also used in the WLB program. His dam is a maternal sister to the cow maker, Springcreek Lotto 52Y. 887F's dam was one of the high sellers at the inaugural SimPower sale and is a direct daughter of Mader's Iron Sugar cow. A daughter of an ET full sister to 887F's dam, 49C, was the feature bred heifer at Mader's Ladies Night sale in October and sold to Double Bar D for \$18,000. Sugar Ray has the genetic background and is the type and kind that will produce at a high level.

AI bred to SFI Savage on April 10, 2019.  
Exposed to Mitchells Blk Time Out 320F from April 29 to August 5, 2019.  
HOMO POLLED

DDF Elegant Touch 84F

Elegant Touch is a female that stands out from the rest. Unique in her design, it is rare to find a female with this much extension, flexibility, and soundness in our breed. She is the first daughter to sell out of RJY Casino 11C the 2017 Agribition Reserve Bull, and RBC Supreme Top 10 Finalist. The Elegance cow family needs no introduction. These females are sought after, productive, and are creating a name for themselves in the showing and in production.

AI bred to LFE The Riddler on March 26, 2019. Exposed to KAG Exclusive 52E from June 3 to August 15, 2019.

RJY Vegas Doubledate 6F

It is a pleasure to be back in the Checkers sale again. Especially for the 25th Anniversary of the original Red and Black Simmental sale. RJY Vegas Doubledate 6F is the first ever daughter of our elite producer RJY Dream Doubledate 15X to sell at public auction. 15X has been a herd bull producer with sons Chrome, Shock n Awe, and Bonus being highlights for us and their owners. We believe in sound cattle with great udders backed by great cow families. This heifer does all of that like no other. Her pedigree includes 15X, LFE Amber, IPU Pocahontas 68M, Wheatland Lady 902J and Ebonyns Joy all up close in her pedigree. If you can find one with this many of the great cows of the breed in their makeup we would suggest you buy her with confidence. 6F is bred to Wheatland Justice 894F who adds another great cow family with Wheatland Lady 913W being his dam.

Bred to Wheatland Justice 894F on April 8, 2019.

RJY Dream Doubledate 15X - Dam

# SELLING 2 OF THE 3 LOTS JDF 807F, 819F and 834F

It has been a number of years since we sold females at Checkers or any females at public auction. With our return to Checkers we really wanted to offer something special so we are offering choice on these 3 bred heifers. **We will sell two on choice with the third heifer returning back home to put back into the herd.**

These three breds check a lot of boxes and are truly a sale feature. They are right out of our embryo program and we are proud to offer them to you at Checkers. The consistency in this flush shows how good their dam is and why she was selected to become a donor at JayDawn. The mating to Westcott really clicked with 16X producing both excellent bulls and females that one would want a whole herd of.

These three are like peas in a pod, soft yet stout made with a ton of performance. All 3 are dropping nice udders and are excellent footed. They are true brood cows in the making and will make front pasture females. The heifers we synced and AI on May 4, 2019 with no exposure. Two are mated to LFE Night Hawk who worked excellent for us in the heifer pen and the third heifer is mated to Wallbanger who doesn't need any introduction. **We are super excited to see which two are selected and more excited to get the third back to our herd and into production.**

Early-Sunset April 156F

April is one those females that has that look of allure about her. She traces back to some rather interesting lineage making her a female of intrigue. 156F is long bodied, lots of shape to her while her neck sweeps out of her shoulder finishing into a very admirable strip faced head.

AI bred to LCDR Witness 541C on April 26, 2019. (SAFE)

LBCC Flirty Bear 823F

This is bred that we are really proud to be selling this year. She has that momma cow look to her, and we feel that she is going to go out and be a real "bull builder" in the future. She has a ton of rib shape, she's long as a rope and is thick as they come. She's a bred that get's out and travels really well and is starting to drop a pretty nicely set udder. She is bred really early to Equity, and we feel that no matter what the calf is, it's going to be a home run. This bred's momma is one of our top end cows, and we feel that she is going to follow in her mother's and sister's footsteps.

**AI bred to VCL LKC Equity 608D on March 23, 2019. SAFE TO THIS BREEDING. Exposed to TY-D's Shock & Awe 7F from April 1, 2018 to May 20, 2019.**

CSC Freda 16F

Freda came in her Riddler dam from the Ashworth's first fall female production sale. Those folks know how to breed them right! KWA 3D was the second highest selling black female that day and it sure isn't hard to see why! Freda is a super fancy feminine female with great eye appeal. She possesses a great balance of femininity and capacity. Whistle fronted, long bodied and setting up a perfect udder. She is homo black and homo polled so the mating possibilities with her are truly endless. She is caring an early service to Equity which should return immediate profit on investment. Parting with this high end female makes us proud to be in the business and we are confident that Freda will help solidify a new Corner Stone in your herd for many years to come.

NUG Glitter 2G

NUG Fuchsia 3F - Full Sister

Glitter is a real beef heifer from the top end of our replacement pen. Huge hiped, long spined, very stylish with a very productive pedigree. 2G is the result of a very successful flush. We will be calving two full sisters, KZ Simmentals purchased a high selling full sibling, full brother was a high seller in our bull sale to Doug and Jody Paulgwaard. To top it all off, 50Z's natural born heifer in 2018 is a bred heifer this year that is possibly one of the best we have raised. We are looking forward to more full siblings being born in 2020. Glitter is a heifer we are very proud to offer for sale.

Nice fronted, attractive, well balanced heifer here with a solid pedigree and a great set of numbers. Cobra, Liner 56U, Pocahontas on the top side, Morgan and Power Drive on the bottom side. Doesn't get much more productive than that. 69G and her dam seem to grab your attention all summer on pasture checks. A heifer calf here that is going to make an excellent mother cow. Homo Polled and **HOMO BLACK**.

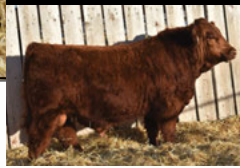

Circle G No Secret 918G

Circle G Cash 1C  
Maternal Brother

Circle G Exclusive 23E - Sire

No Secret 918G excels on many levels with her outcross pedigree, sheer volume and performance, eye appeal and strong maternal background. Her sire, Circle G Exclusive, is an impressive Venom son that topped the 2018 Circle G bull sale at \$24,000 to Maxwell Simmentals and was used heavily here by AI. His sire group is outstanding...his sons will be features in the 2020 Circle G bull sale.

918G's dam is also the dam of Circle G Cash 1C. Cash topped the 2016 bull sale at \$26,000 to Shady Nook Simmentals and has matured into a massive herd bull that has been admired by many top cattlemen. Robb Farms have purchased the walking rights on the bull and he was added to the Genetics to Make a Difference semen sales lineup. The 76A dam is a production giant and is a model female with perfect udder structure. Her Venom daughter, a 3/4 sister to 918G, is also outstanding and makes selling this heifer a little easier. No Secret 918G has the genetic tools and physical attributes to make an impact.

Retaining the Right to one Flush at the seller's expense and the buyer's convenience.

Circle G Zeola 984G

LRX Ignition 222E - Sire

Zeola 984G is wedge built, feminine in her front third, balanced in her lines and wide and square at her hip. She was Darnell's pick out of an extremely strong set of Ignition 222E calves...both sexes are very good! 222E is an absolute tank and was purchased with Shady Nook from Robb Farms to obtain the potent Missile bull's influence. Robbs rank his Liner 56U dam as their best cow which only intensified Ignition's breeding potential. The Zeola cow family is extremely productive and a feature of the Circle G herd. Sons of Zeola cows are always notable in the bull sale...one topped the black division in 2019. Three maternal sisters to 984G have been retained and are impressive young cows. Add this promising female to your herd as Zeola 984G will be a profit center for many years to come. **HOMO POLLED**

JDF Sweet Annie 914G

Sweet Annie is just that, the more you analyze this heifer the more you will like her. She is a very complete made individual and is very correct. She is moderate and very stout made. 914G is the result of the second flush that was done on her dam 16X. This mating with Missile really clicked and we are really excited about both the females and males it produced. The full brothers in the bull pen are right at the top of our bull pen and will be features at the Northern Classic bull sale next March, we have 2 more full sisters in the keeper pen as well that are as equally good. Longevity is built into this pedigree with both the dam and granddam still in production. Have a look at the bred heifers that we have on offer as they are from the same dam and you will know why 16X is a donor at JayDawn.

JDFK Zenyatta 906G

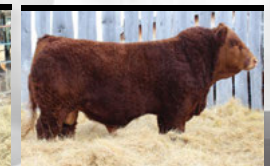

Here is a power heifer that has a ton of middle to her. She is very correct made and is backed by a superior cow family. Both the dam and granddam are in still in production with the granddam coming from a Checkers sale back in 2006 from Murihead Cattle Co. Zenyatta 17X is a power female that really knows how to produce and entered our donor program in 2018. This mating to Missile produced 3 heifers 906G and 2 black heifers that won't be leaving the farm, and 2 red bulls that will be features in the Northern Classic bull sale next March. This heifer should be staying on the farm, she will make a front pasture brood cow that you will be proud to own.

New Trend Mesmerized 3G

This Back In Black heifer is another good example how JF Back In Black has bred for us! Mesmerized is very attractive. She is flashy and feminine fronted. 3G has a lot of shape over her top and back into her hip. She is bold ribbed and deep sided. You want to take the time to study her pedigree! Her dam is a ET daughter our 20U cow and Wheatland Bull 680S. 20U has produced us some our most crowning achievements in the last few years. Mesmerized is a really fun heifer with a bright future!

New Trend Killer Kisses 6G

Sometimes it is hard to part with the good ones! Killer Kisses is one that is phenotypically right. She is nice fronted, good footed, exceptionally sound, big middled, soft, easy fleshing, square hiped. She is very ideal and complete. Kisses is a direct daughter of Wheatland Kill Switch who has produced well. 6G is built for the long haul, one not to miss sale day.

HPR Love Me Dont U 902G

"Love" is the first daughter to sell from our Full Fleckvieh herdsire Anchor D Disco. This unique pedigree brings an outcross genetic package to the more common black genetics. "Love" has been a standout since birth and her two year old High Voltage dam did a sweet job. Angular, deep ribbed and a stylish attitude. "Love" is the complete package for either the elite breeder or the junior wanting to showcase her.

YR High Class Camille 924G

"High Class" is just that! As we were looking to find that certain standout heifer to offer at Checkers, this dark red, baldy took centre stage. She is stout, long and has that presence that draws you in. Sired by our ever so consistent Casanova herd bull, this young lady is sure to fill that missing link in her new owners herd. Whether you're looking for that new herd addition or a junior looking to hang a leather halter on a heifer, take a serious look here. "High Class" is just that!

LBCC Gambling Princess 904G

We are SO excited about this heifers future. This Princess comes from one of our "no touch" cow families, she is long as a rope, huge ribbed and super cool fronted. As an added bonus she's got the money stripe on her face as well. She is out of our home raised senior herd sire Day Dreamer, and we are thrilled with his calves so far. We feel the Red Label throw back on the sire's side is just the right cross for our herd. This heifer has all the right parts to make a really nice show female in the future or just a front of the pasture female in the end. Whichever way she goes, we are excited, and we would be willing to keep her at home and get her ready to go out next fall if the new owner chooses so.

LBCC Geeky Mandy 963G

This is another Day Dreamer heifer calf that we are proud to bring to the sale. Mandy is deep sided, big ribbed and super sound on the move. She has the making to be a productive cow just like her mother has been for us, with 5 half sibling females producing for us in the herd currently we know that this will be a female that will create some great calves in the future. She's attractive made, and eye-catching, you will not miss her come sale day.

LBCC Glamorous Yera 912G

This is the last but not least heifer in our offering, and she is GOOD. Our Yera cow family is another productive family that is known for it's consistently good calves. This calf is no exception, the cross with our herd sire Day Dreamer is another great cross, she is nice fronted, big topped, and stout made. Just like the other two Day Dreamer daughters we feel that the maternal side of Red Label adds the power and performance that will make these three half sisters in to really great cows for anyone.

TLSS Georgia Queen 5G

Sired by the great breeding piece LFE Beast Mode, who is leaving his mark with high performance, stout, easy doing, sound cattle that have a present to them that gets them notice all year long. We are excited about calving his first daughters in 2020, we feel that they will take production to a new level! The bottom side of this heifer goes back to our pick of the Bar 15 dispersal heifer calves that we purchased and she started the "Queen " family for us, Sassy Queen is probably our most know from this family. Queen family members have been admired for their rib shape and ability to get the job done in the pasture and show ring with gathering up banners. This female will start her own chapter soon and we are excited to see were she will write her book! Feel free to stop by and view the mother as well as the Beast Mode sibs. If I can help with anything feel free to contact me or Darnell with First Class as he has toured our cow herd this fall.

Early-Sunset Lassie 55G

Lassie has a most pleasing look to her, she travels with extreme ease, striking the ground softly in her movements. This heifer is a long bodied, deep ribbed, good boned scamp. One really has to admire the angle her neck comes off her shoulder capped off with an elegant head that has the look. Her dam is a never miss cow, which perhaps makes Lassie a front pasture treasure.

Peacock's Laurel PKS 2G

If you're looking for an absolute powerhouse of a replacement heifer, this is her! Laurel PKS 2G is as explosive in her shape as you can make them. This girl is thick and deep bodied, yet is very refined through her front all the way to her head. When this calf was at home, from the day she was born she just wanted a scratch, her disposition was so great.

Her mother is a beautiful red baldy cow with a picture perfect udder. Feel free to check her and her mother out at the Ty-D Livestock farm at Streamstown. 2G will also be exhibited in Regina at the CWA, so swing by the stall and check her out! You can also call Kelly or Ty for any inquiries.

Hall's Amber 938G

Well here is a heifer I'm sure we are going to regret selling but with being our first Simmental sale we decided to pull right from the top. This is a hard heifer to fault, she's got the style, the power and can still get out and move like a cat. This heifer is the product of a flush we did with Riskan Hope Farms, we figured this flush would work great but it exceeded our expectations. Watch for her in our show string this fall.

Hall's Georgie 945G

Here is a very cool heifer we are excited about, this may be a very young heifer but we are sure she has a bright future. Showing a ton of similarities to the heifer calf we showed in 2018 who was Reserve division at Agribition. This heifer has some serious style going on that demands your attention. This is another great example of what DSFF Driver 1D can do.

Hall's Grace 915G

Now here is a heifer that demands attention being a straight up power house female that's going to go on to be a tank. If you are looking for a female to be your next power cow here she is. This heifer is out of one our walking Profit sons that has been breeding every bit as good as the great Profit.

Sun Star Retroflex 11G

Blazed face beauty this Live Ammo daughter has power written all over her, another great retroflex female. This girls dam is a power cow with a beautiful udder. Going to make a very top producing cow.

Sun Star So Seductive 29G

One of the very best heifer calves this The National daughter is a pretty made power heifer calf that we love a bunch. Her dam is one of our elite black dams who has raised a beautiful Discovery daughter whom is the dam of 40G.

Sun Star Elevation 4E - Sire

Our only red heifer calf this fall we are selling and the first daughter of our walking herd bull Elevation to sell, very good maternal bred in with this great cow family and really loving the quality and calving ease of the Elevations. Dam is a beautiful young Discovery cow that is a treat to handle. She is a maternal sister to 29G.

RUT Dusty's Cream Soda 16G

RUT Dusty's Cream Soda 16G is an absolute tank. She has so much to her it is unfathomable! RUT 16G has been a standout since birth! Her sire Profit needs no introduction. Her dam is the legendary Cream Soda Y010 female! These are genetics to build on! Don't miss out on this little lady, you have to see her to appreciate her mass and femininity in a attractive package!

MLCC Blk Tango 26G

Tango comes to you out of our embryo transfer program. She is an extremely attractive female who is soft, made with rib capacity and also very stylish and angular. The Profit/Ready to Tango cross worked very well for us. Here is a heifer that will be a foundation for any herd.

MLCC Blk Lady Belle 2G

Lady Belle is wide topped and angular with lots of capacity. Cowboy Cut worked very well in our black program. Here is a female that will become a very productive cow following the footsteps of her Wheatland 680S dame.

Bar KR Lady Morgan 29G

This is a very correct and faultless heifer out of Captain Morgan. We have decided to part with this female only because her mother is going into our donor flush program. Her dame came out of the M&S (Draves) program and goes back to their Black Lake and Black Ice females. Lady Morgan is very stylish with good spring of rib and has that mother cow look about her.

Here is a Westgold Standout 42Z female out of our flush cow, Ms Rusty 68N. Ms Rusty, now deceased, was a sound proven producer with impeccable feet, legs and a fault free udder and teats. She was the mother of BAR KR Avalanche 52X, the Harrach son who worked so well for Maxwell Simmentals

*Terms & Conditions*

**TERMS & CONDITIONS** The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

**EXCHANGE** Foreign exchange rates will be announced at the beginning of the sale.

**BID** Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**DISPUTES** In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASERS RISK** Each animal becomes the risk of the purchaser as soon as sold.

**ANNOUNCEMENTS** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

**SHIPPING** Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the

responsibility of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

**GUARANTEE** All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

**EXCEPTION TO GUARANTEE** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

**HEALTH** It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

**ACCIDENTS** Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

**First Class Cattle Marketing IS AGENT ONLY** It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. First Class Cattle Marketing Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.

Five embryos from the immortal Smarty Pants donor and the tried and proven Profit. Smarty Pants has stood the test of time since being the high selling black Simmental female in the great Remington dispersal. This cow family is as notable in the Simmental breed as any that exist today. The latest feature from this cow family was the \$28,000 bred heifer purchased by Willerton Simmentals from the Vision event in the fall of 2018. These embryos are sired by Profit who has developed a reputation for siring the great ones that have the ability to gather a fair bit of cash. There was a Smarty Pants heifer calf in the group of ET calves we weaned this fall that has a bunch of potential.

Selling 5 embryos from Miss Smarty 400D, sired by Bailey's One of a Kind. Miss Smarty 400D is a moderate framed, extremely easy fleshing, with lots of hair, big middled, sound footed, with a beautiful front end in an extremely complete package. Miss Smarty 400D has a picture perfect udder similar to her dam MRL Smarty Pants III. These embryos are sired by One of a Kind, who was the high selling red bull at Hartman Cattle Company's spring bull sale in 2018. He was also just named Champion Simmental bull and Supreme champion bull at Manitoba Ag Ex. The One of a Kind heifer calves we weaned this fall out of MRL Smarty Pants III (dam of 400D) are the feature ET heifer calves. The single ET bull calf of the same mating is also the feature in the bull pen.
