TERMS AND CONDITIONS

Terms & Conditions Females are guaranteed to breed or produce transferable IVF embryos. If the female is evaluated by a licensed veterinarian and considered obese or no longer able to reproduce because of reasons beyond the consignors control, the breeding guarantee is voided.

Payment & Exchange All cattle must be paid for at the time of purchase unless prior arrangements have been paid. American funds will be accepted at the rate of exchange determined on sale day. All animals are to be paid to 2048525 Alberta Ltd.

The US/Canadian exchange rate will be posted on WLiveStock 24hrs prior to the sale. Currently \$10,000 Canadian is equal to \$7950 USD.

US Buyers All US health testing will be done with no charge for animals over \$5000, otherwise an additional \$150 CND will be charged.

Insurance If you have made arrangements to have any purchase(s) remain at Millbrook Farms or with associated consignors after the sale, we strongly recommend you obtain cattle insurance through an insurer of your choice for the full purchase value. We will not be held liable for any animals remaining at the farms following the sale.

Right To Flush Millbrook Farms reserves the right to one successful flush on any of the Millbrook females selling. Flush will include a minimum of 6 grade 1 embryos at the buyers convenience and the sellers expense.

Delivery All animals must be removed from the consignors farm by October 15th unless prior arrangements have been made. Millbrook will assist with transportation, and can help with getting cattle to central locations.

Health All animals are on a current health program. For more details, please contact each consignor.

Pictures & Videos All of the pictures and videos were taken between September 4-13th. Videos can be found online at wlivestock.com, or through the Millbrook Farms Facebook page.

Semen & Embryos The semen & embryo lots will state where they are stored with each lot. Once payment has been received they will be released to the buyer. All shipping & handing costs are the responsibility of the buyer.

Feeding & Show Terms We pride ourselves in the professional way we help to exhibit your Millbrook purchases. While we do not aim to make money doing this, there are costs associated with the shows. Please contact Blair or Stacy to discuss exhibiting your purchase.

MILLBROOK'S NORTHERN EXPOSURE VOL. II

WELCOME TO VOL. II

This likely won't come to a shock to some of you, but I waited to the last minute to write this. However, by doing so, I've witnessed some of the greatest passion and enthusiasm in the cattle business. It would have been too easy for everyone to pack it in like the rest of the world, however the Ag industry continued on through uncertainty, cattle got fed, and crops got harvested, and though it's never said enough, I thank each and everyone of you for that.

As every year comes and goes, we pride ourself in raising the bar in offering the highest quality of stock we can. We feel the 2021 offering is the most consistent group we've had yet. The same genetics that we utilize to build our future, and our program upon are represented in this sale. The combination of Fireball, Maxim 604, and Relevance are here to stay, and I couldn't tell you how many times I've told Mike, Stacy and anybody else that will listen that these bulls are the future.

New this year is an offering of consignor cattle. For the past few years, we have had deep discussions on how we could provide the ultimate customer service. This led us to create the Customer Appreciation program where those who previously purchased Millbrook genetics had the opportunity to market their own product. I'd like to thoroughly thank those who graciously supported us through this first year. Your commitment to bring such high quality cattle is unmatched, but what is appreciated the most is your friendship and support. If anyone is looking to talk Shorthorn cattle, I highly encourage everyone to pick up the phone and contact these folks, as they are some of the finest you will find.

Maternal Sister

Last year when writing about a Maria 321B daughter I described the family as the most dominate in Canada. Since then Renegade Livestock won the Fall Finale with another one, and her career fell short due to Covid. However, I am confident she was destined for more. This year's calf is without a doubt the most unique one to date. Her ability to carry this much dimension on such a flawless frame and outline, will ensure her competitiveness. This is the kind that makes these sales last into the night. Selling 1/2 interest with the option to double. If buyer doubles for full interest, Millbrook reserves the right for 2 successful flushes.

MILLBROOK *Regal* **FB 3J**

The first combination of Fireball and the Regal cow family. One that puts together a little more skeletal stretch and reach, yet maintains a huge belly and great look.

Banner Alert here!!! If you are looking for a show heifer here she is! Not only does Lot 6 have the look, she moves flawlessly. Here at Watson Cattle Co. we strive for strong cow families. The Priceless cow family has been one of our best with calves selling at the Canadian Western Agribition, and the Great Shorthorn Revival. All of our Priceless females have gone on to be good mothers, good milkers and great natured. She is sired by Shadybrook Icon 26Y he sires them to be maternal made Moma's buy with confidence on this female. One of your best. Not only did Lane breed this heifer, he's halter broke her too. The Jr. National Show is to be held in Ontario next summer, and she is kid proof to go!

Consigned by Lane Watson, Watson Cattle Company

We are thrilled to have this roan rocket as our first offering with the SSM prefix. Stylish lined, swoopy bellied and squishy off her joints, she will be fun to watch develop. Sired by the red hot and recently deceased Fireball she is pretty enough to show at any level. Backed by the historic Elsie's Jade cow family and Shadybrook's new herd sire, HC Cruiser 59C, she has the swing to hit a home run in the pasture when her show days are done.
