welcome to the

# GLENROSE ANNUAL BULL SALE

*the Prichard Family*

Welcome to our Online Farmgate Sale. Thank you to the buyers who supported us in last year's sale and throughout the year. I think everyone is tired of Covid and all the other stresses related to it that we need to be positive and look forward to an improved cattle market and better weather conditions for the following year.

After selecting calves from the top 30% of the calf crop as breeding bulls they are then culled for temperament, performance and fertility throughout the year. They have to be quiet and easy to work with. They are pail fed twice a day and moved to a watering tank daily. The bulls are fed a rolled barley ration at about 1% of their body weight with a balanced mineral pack, silage and free choice hay.

The 2 year old bulls will be semen tested prior to the sale. The yearling bulls will be semen tested towards the end of March when they are a little older and the weather is warmer.

Two year old bulls can remain at the farm until March 31 free of charge. After this date we will charge \$5.00 per day to care for them. The yearling bulls can remain here until April 30 at no charge, then \$3.00 per day. Pick up your bull by March 31 and receive a \$50.00 refund or delivery can be arranged at cost.

We recommend that ALL bulls be insured as each animal becomes the risk of the purchaser as soon as sold.

Welcome to the 2nd Annual Glenrose Farms Online Bull Sale. It is with great pleasure that we are once again working with the folks at Glenrose Farms on this upcoming event. The bidding for the sale will once again take place on the Farmgate Timed Auction platform and will start on March 9 at 9am and will close out in March 10 at 7pm with a horse race style finish on the DLMS Farmgate Timed Auction platform. Please give Mark Shologan at DLMS Farmgate a call if you need assistance with the bidding process or to set up an account.

The bulls on offer are the right kind, stout, hairy, good footed bulls that are bred and fed to go out and work. These bulls will not melt away after a season of breeding cows, nor will they simply break down on you in slightly tougher conditions. These bulls are designed to last! This years offering will again consist of Hereford, Angus and Red Angus with both yearling and two year old bulls being available. There is bulls here to fit almost any commercial cattleman's needs. Performance power bulls to go out with a group of cows to sire those calves with the extra pounds at weaning for a greater return on investment. There is also a nice selection of calving ease bulls to run with a group of heifers. These bulls are designed with calving ease in mind and will eliminate problems while calving out heifers or young cows. Look to a two year old bull to run with larger groups of cows without melting down, or to walk in those larger, rangier pastures that a yearling just won't cut it in. Please bid and buy with confidence as these bulls are designed to last and are guaranteed 100%. New for this year 4 pens of 3 commercial open heifers that are represented by each breed as well as a pen of fancy black baldie heifers. These are some of the best open replacement heifers you will find so please study these heifers in great detail. They are also available for viewing on the farm so when you come and see the bulls remember to have a look at the heifers as well, you will want to take every pen home with you!

I encourage you to give the folks at Glenrose Farms a call to discuss the offering and to set up a viewing. If for any reason you are unable to see the bulls in person, please give anyone of us at First Class Cattle Marketing a call. The entire team will be very familiar with the offering and it will be our pleasure to assist you in a professional and confidential manner in purchasing your next herd sire. I wish you all the best moving forward and hope everyone has a successful upcoming bull sale season.

Sincerely,

Harold 84H is from a first calf heifer. He is moderated framed and tanky is his makeup. He is big barreled and very stout. Also very quiet. 84H is parent verified. We used him last year as a cleanup bull on our heifers. I feel he would be safe to use on your heifers with his 80 lb birthweight and +9 calving ease epd.

Hutch is the youngest bull in this offering but by no means the smallest. He had the highest adjusted yearling weight of the pen. He is a 3/4 brother to Harold 117H and follows in pattern to him-larger framed long and wide. His mother is a big powerful daughter of LFE Iron Mountain whose offspring could push down the scale. Hutch is halter broke as we had him on display at Canadian Bull Congress. I would use him on cows.

Big John 165J was the exception to the rule in the Hereford pastures. He grew well and posted a 205 day weight of 741 pounds. He has continued to perform after weaning and weighed 1058 pounds Feb 6 six weeks before his first birthday. He is long bodied with a thick top to him. He has a small head and clean front. His mother has a tight tucked udder that will last for years. Use him with cows.

John 71j is from a first calf heifer. He is very dark red. His sire is a calving ease specialist that I have used for two years on heifers and the calves do come easy. I would be confident to use him on heifers with his 80 pound birth weight. His milk epd indicates that his daughter should be keepers as well. He is scurred. Use on heifers or cows. John weighed 960 pounds on Feb 6.

Josh 99J is the first son offered from Fabio 42F. Fabio's calves are thick and solidly built. Josh's mother is a big solid easy keeping cow who is short marked. Josh is red necked and short marked right down to his toes. The pasture that he was on ran short on grass toward the end of summer. Use josh on cows.

# TERMS & CONDITIONS

---

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

**BID** Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**PURCHASER'S RISK** Each animal becomes the risk of the purchaser as soon as sold.

**CERTIFICATE OF REGISTRY** The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

**SHIPPING** Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions.

**GUARANTEE** All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

**EXCEPTION TO GUARANTEE** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

**HEALTH** It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

**RIGHTS AND OBLIGATIONS** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

**FIRST CLASS CATTLE MARKETING LTD IS AGENT ONLY** It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller.

## **HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:**

1. Visit [www.farmgatetimedauctions.ca](http://www.farmgatetimedauctions.ca), click the **LOGIN/REGISTRATION** button. First time users will select the **REGISTER** button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding for 5 minute if a bid is placed on any lot in the sale. Any bid received after 6 PM will extend the sale by 5 minutes from the time of that bid. When no bidding occurs for 5 min the computer will declare the sale finished.

5. Within 24 hours of the sale close the Sale Manager, First Class Cattle Marketing will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot.

If you require assistance with using the new DLMS Farm Gate web site, if you don't understand how to create a favorites list, if you can't figure out the proxy bid or you just plain want to bid via phone, please talk to any of the DLMS team or Sale Consignors.

**WHAT IS RACEHORSE STYLE SALE CLOSE?** Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

**HOW WILL EXTENDED BIDDING WORK?** When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.
