

2<sup>nd</sup> Annual

**SOUTHERN ANGUS**  
Production Sale

Monday, November 30, 2020 1:00pm  
Southern Alberta Livestock Exchange, Fort MacLeod, Alberta

# Welcome Friends

from Southern Angus Farms

Adversity! All of us face adversity in our own situations. How we come through that adversity is what sets us apart. I think that as easy as your cattle can be is one less stress for your operation. Black Angus fit the bill. Grass efficiency as well as economical to feed. Quality of beef is there whether you background calves or cook in a restaurant. There is a reason they say "trim the fat". The harder the economy gets the more quality will matter!

Angus represent that quality. Angus and angus cross cattle continue to bring a premium! We are happy to offer to you a diverse yet consistent set of premium breeding bulls to meet your goals for the ranch!

Regards,  
**Chad Trowbridge,**  
Southern Angus

# Welcome to the sale

from First Class Cattle Marketing

Welcome to the 2nd Annual Southern Angus Bull Sale. It is with great pleasure that we are once again working with Chad and his family on an outstanding set of Angus yearling and two year old bulls. These bulls have been bred and then raised with the commercial cattlemen in mind. Low birth, high growth bulls that are developed to go out and work. These bulls are sound in their makeup, good footed with lots of natural muscle and thickness. The Southern Angus cowherd is excellent footed, good uddered, low management, highly functional cows. These are the type of cows that you want your next herd sire to be mothered by. These cows bred to the sires that Chad has selected for use in his herd have created the bulls you see here on offer. So please bid and buy with confidence as these bulls will go out and work.

I would like to personally invite all of you to a Fort Macleod on November 30th for the 2nd Annual Southern Angus Bull Sale.

If for some reason you are not able to attend the entire team here at First Class Cattle Marketing are very familiar with the offering and it will be our pleasure to assist you in a professional and confidential manner for your next herd sire purchase. I also encourage you to phone Chad direct and discuss the bulls with him. Mark Shologan with DLMS will also be onsite if internet bidding is what you prefer. I hope to be able to visit with everyone in Fort Macleod and hope you all have a great fall and a very Merry Christmas.

## LUNCH

Join us for prime rib lunch and hospitality before the sale.

**WINTERING PROGRAM** Offering free wintering until March 1, 2021 on calves that bring \$3,500 or more and two year olds that bring \$5,500 or more. If less is paid wintering will be at a cost of \$3.50 per day. Semen tests are deferred until March and bulls that are wintered come with a money back guarantee. Bulls that are going back to the farm **MUST** have purchased warranty or third party insurance on all bulls. Southern Angus is not responsible for more than the purchase price of the bull.

**NEW THIS YEAR • BULL WARRANTY** We are pleased to offer this year a bull warranty that can be purchased at the time of sale. Buying a bull is a big investment for your ranch and we want to make sure you are covered. Accidents can happen so here is our proposal.

At time of settlement at sale, warranty can be purchased for 9% of purchase price of the animal. This warranty covers you for injury and death that happens during accepted cattle handling practices and breeding conditions during wintering at our ranch as well as the first breeding season that you use the bull.

In the event you need to make a claim notify Chad as soon as possible. A vet report will be required for claim purposes. Settlement will be made in form of a replacement bull of equal value if available or a sale credit to next years sale. Value of settlement is less salvage when possible.

Mistreatment, mismanagement or neglect of animal is a void of this warranty.

 **trouw nutrition**  
a Nutreco company

Southern Angus worked with a nutritionist to develop a total mix ration with a supplement to provide extra protein to grow the bulls but not have them over fat.

Another fancy, thick bodied calf out of, you guessed it, a Southern Krugerrand 16H daughter! She never disappoints and I look forward to her calf every year. This bull is another homerun for her. 11H has the genetics for explosive growth but will also build fancy, cornerstone females.

This bull has impressed us since day one. He is a maternal brother to our Payday 15D herdsire and being that he is that cows second bull calf, she is definitely on the flush list now. We just know that 15H is going to pass along all the same great traits from his dam that we love to see out of her. October 19 weight 1105 pounds!

There isn't enough room to tell you everything about this family tree but 21H is out of a 13 year old dam that has produced many great daughters for us and others. Nolan Cash of Cash Cattle Co raised himself an awesome bull calf this year that weaned off at 788 pounds on dry grass conditions out of a first calver maternal sister to this bull calf. No creep feed at all! Impressive! That's the genetics in this family!

Last January we had a farm accident and Natasha was injured. In that situation family comes first. I told the cows I would be around a minimal amount and most of them listened and held off except 37, she wanted to get the show on the road. This guy was born on a morning with minus 55 degree wind chill in an unheated shed. Mama got him up and sucked, but his ears weren't her concern I guess. I stand behind this bull and know that this family is worth building on.

This bulls dam was bought as a bred cow at the Highwood Valley Dispersal sale. I'm happy with this bull calf. He fits right in to the pen and I think he will make a great outcross for anyone that has been buying bulls from us.

79H is a heifer's second calf and she does a real good job! This is our first calf crop out of Lucas Tonic but we can see there is going to be some high power maternal quality there considering on the Tonic heifers we've had this year! This guy could be used on wider large frame heifers and the females he'll create will be keepers!

Here is a bull that a lot of ranches would appreciate. He is a son of a bull Dad raised out of Sitz Upward 307. He was a big bull and we never pulled a calf out of him even if they were a bit bigger which wasn't too often. The calves always got up and had good vigor. 25G is sure to pass on some real production cattle that will make the ranch money.

When we saw Enhance we liked what we saw. He had everything going for him in the looks department. He had frame and power as well as good leg structure. His EPDs did not disappoint either and we found everything we wanted was there. His calves are exactly what we expected and we are looking forward to 2020s calf crop that features Enhance a little heavier.

This Barstow Bankroll son came out of nowhere! We needed a bull for the heifers so we decided to use him. He went out at around 1200 pounds and came back in at 1600 pounds and everything we saw him breed was in calf! He gets fat so easy that he is a pleasure to feed because it doesn't take much. We are seeing the same look and quality in his progeny. In the pasture he is the hardest working bull I have seen. Stays with the cow until she is settled and makes sure to check all the cows frequently. He doesn't rest by the water when there is work to be done.

Terms & Conditions

**TERMS & CONDITIONS** The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

**EXCHANGE** Foreign exchange rates will be announced at the beginning of the sale.

**BID** Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**DISPUTES** In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** Each animal becomes the risk of the purchaser as soon as sold.

**ANNOUNCEMENTS** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

**SHIPPING** Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility

of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

**GUARANTEE** All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

**EXCEPTION TO GUARANTEE** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

**HEALTH** It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

**ACCIDENTS** Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

**First Class Cattle Marketing IS AGENT ONLY** It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. First Class Cattle Marketing Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.
