FEATURING 20 FOR 20

WELCOME TO OUR 2020 EDITION OF THE ANNUAL R PLUS BULL SALE

2020 is a special year for us at R Plus as we celebrate the 20th rendition of our sale. Much has changed over the past two decades. However, we strive everyday to maintain our mission, which is to be the brand of consistency and confidence.

Our story starts back in 1992 as one of the original breeders of red and black Simmentals. Our operation went from small private sales to full scale bull sales by 2000. Since then we have continued to develop and adapt our breeding program which has had a positive

influence on both purebred and commercial herds across Canada and the United States.

Since '92 and more since 2000, we have been able to influence and adapt our cow herd based on the use of carcass data, intense genetic research, EPD profiles and visual appraisal to create a balanced animal which is exemplary to the industry.

This year's offering has been selected from our herd of 550 cows. We are proud to present to you a strong set of bulls which are sound, fed for longevity, and provide calving ease.

We strongly believe that our customers are number one at R Plus. Our goal through new genetics, strength and positioning is that we develop animals that will produce profit for you and your operation.

Lucille has decided that as a celebration of our 20th Anniversary and it being 2020, that we offer 20 of our open replacement heifers. These are some of the top heifers that our herd has to offer.

Lucille and myself are grateful for everyone who has been with us for the past 20 years. We have developed strong relationships with clients, created amazing memories with friends and family and continue to appreciate everyone that helps us have a successful sale each year.

Please come down for a prime rib lunch prior to the sale, view our offering and help us celebrate our 20th Anniversary.

Sincerely,

Marlin and Lucille LeBlanc

FROM THE DESK AT T-BAR...

Welcome to the 20th Annual R Plus Simmental Bull Sale at the ranch, just minutes out of Estevan, Saskatchewan on March 8, 2020. This pioneer Simmental operation has been breeding and producing red and black Simmentals for twenty-nine years. That is a record, in addition to hosting twenty bull sales. Throughout their history, many breeder bulls have been selected out of this program and countless rancher bulls from the many repeat customers who have enjoyed the advantage of using R Plus bulls.

This new decade brings an awesome set of bulls. 70 yearlings and 30 two-year-olds (younger born and slated for this sale) red, black and blaze. These bulls and their 20 sisters have been selected from the progeny of 600 cows. In this group you will find many breeder type bulls that offer a different twist on pedigree, for most. Bulls offered in this sale may be the best they have ever sold (which is a big statement). As a group, these bulls have as much performance as any ever offered at R Plus. Remember that 19 years of carcass evaluation and selection have been put into these bulls.

Being that 2020 is the 20th Anniversary, Marlin and Lucille have added 20 elite open heifers to celebrate this sale, they have only sold one female per year for many years, so this is like a first. Selected from the top of the replacements, they are sisters to this great set of bulls... the front pasture kind!

Plan to take a Sunday drive and be part of a great event where you can select seedstock that will add higher profit margins to your bottom line. Feel free to stop by the ranch anytime prior and preview the bulls or just give Marlin a call to discuss your breeding requirements and the R Plus bulls.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

Bull Development:

For 2019, the bulls were weaned by September 20, coming off native grass pastures with no creep. Bulls are on a chelated mineral, full vaccination and health program. Their development begins with a TMR ration of ground hay, corn based pellets and water. Mid November corn silage is introduced into the ration and the bulls remain on this total balanced ration until delivery to your ranch. The TMR (total mixed ration) means that every bite the bull takes is the same as the last, ensuring no overloading as other feeding programs may allow. The bulls are not creep fed nor full fed, they are developed.

Delivery:

Free delivery to your gate at a mutual convenience.

Sight Unseen Program:

We offer a sight unseen program for buyers who are unable to attend the sale. We have an excellent and very qualified sales staff. We invite you to call anyone of them or myself. All Sight Unseen Purchases are 100% Guaranteed!

Reproduction Evaluation:

All bulls will be semen tested and breeding evaluated by Carmen Langevin of Flying C Vet Clinic.

We purchased an interest in Poker Face to add to our breeding program. He was selected as he met many of our requirements in a herd bull - super mother, calving ease and strong rib eye data - he falls in the top 20% of the breed. Many of the Poker Face offerings are off first calf heifers.

R PLUS PHILOSOPHY...

The breeding of Simmental cattle has been a passion and dream of ours since the 70's. We made a move in 1991 to change our Simmental cattle into a moderate framed animal that survived well in our climate. The solid colored red and black cattle fit the bill: the performance and fertility of the Simmental cattle could not be compromised, so we began looking for genetics that would support our beliefs.

Present day, our beliefs haven't changed and we believe the cattle back this up.

We are raising cattle that survive and breed in short native grass pastures, with hay being their main ration; cattle that have fertility bred into them, as most of our bulls will be under a year of age at sale time and will have passed a fertility test and scrotal measurement that in the past has averaged around 38 cm. Hair coats are very important to us. Straight heavy haired cattle tend to be easier doing, happier cattle at R Plus. As we live in a short grass area, we have to have cows with large spring of rib. We believe that the rib eye measurement indicates this to us. Structure and conformation have to be closely monitored in our program as a large area of pastures are located in heavy rock conditions. Our cattle must have the ability to walk in these conditions.

As our operation is usually a two man show, the cow's ability to have a calf, that calf's vigor and the mothering ability of the cow are all things that are very important to us.

We do not believe that overfeeding bulls and females is necessary. Longevity is something that is needed in all cattle and overfeeding only helps to shorten their life span and affects their fertility. Our rations are developed to grow and allow cattle to mature at an optimal rate without causing any complications to that animal.

We have bred Simmental Cattle for over four decades, solid red and black colored cattle for over three decades. The multi generation of the red and black genetics will make your calf crop predictable in color. By using these solid colored genetics we have eliminated sunburnt udders, weak eyed cattle and created a trouble free animal.

THE WAGNER FAMILY HAS PURCHASED R PLUS BULLS FOR TWENTY YEARS.

R PLUS TWO YEAR OLDS

We have been retaining a set of younger born calves to offer up as coming two year olds.

They are managed on a higher roughage ration through the winter, then turned out on native pasture until October. They then return to the ranch and are placed on a high roughage ration again.

As our facilities do not allow us to calve the amount of cows in a shorten season, we purposely extend our calving season. The genetics are the same as our yearling bulls. By doing this we allow the younger age bull calves to mature without having pressure to breed at a year of age. The bulls in our two year old sale are selected for this program as calves. They remain there until sale day.

SPECIAL FEATURE

We are offering you a chance to purchase a **Pick of our 2018 Heifers with her 2020 calf at side**. We feel this is a very rare and unique opportunity for any cattle breeder to influence their program.

Many of the past purchases have entered into their elite donor programs. We are very proud of this fact and wish them continued success and thank them for their confidence in our breeding program. At R Plus we offer very few opportunities to purchase R Plus females other than this opportunity. The pairs will be available for you to view prior to the sale.
