

1st Annual
SOUTHERN ANGUS
Production Sale

Monday, December 2, 2019 1:00pm
Southern Alberta Livestock Exchange, Fort MacLeod, Alberta

Welcome Friends

from Southern Angus Farms

This is our first annual bull sale, but we aren't new to the business.

My Dad, Donn Trowbridge, has been raising purebred angus since 1946.

This though will be the first sale that Natasha and myself have put on since we have been handed the operation 2 years ago. That being said, we started with a surplus of knowledge about the cow herd. We have had a lifetime of experience to look back on with my Dad as well as meeting new friends that we've been able to ask questions and receive a fresh set of eyes with regard to the operation. Our goal is to improve the quality and reputation of Angus cattle. We want the commercial cattleman to be confident in our genetics when it comes to calving, weaning, and even backgrounding their calf crops. We want feedlot operators to seek out our genetics in the calves they buy because they know that the extra frame is there to support the carcass weight that they desire if they need to finish animals at a higher weight. Finally we want the purebred angus operation to trust our genetics because we have met the first two goals but refuse to sacrifice sound structure in the way of good feet and legs.

Admittedly these are lofty goals and no operation is perfect at first but these are the goals we are striving for. We feel this pen of bulls have a lot to offer and that a good match can be found for anyone's program.

With the help of you, our friends, we hope to get closer each year to meeting our goals and helping you meet yours.

Regards,
Chad Trowbridge,
Southern Angus

Welcome to the sale

from First Class Cattle Marketing

Welcome to the First Annual Southern Angus Bull sale. It is with great pleasure that we have been asked to come on as sales management for this inaugural event. The bulls on offer are the right kind. Good footed, heavy muscled, hairy bulls that are sound in their structure and makeup. Long story short these are "Cowboys Bulls." They are bred and fed to go out and service large numbers of cows, without melting down. These bulls are designed to last and are guaranteed 100% so please bid and buy with the upmost of confidence. The folks at Southern Angus have been building this herd for a large number of years and through large culling programs and using the very best genetics possible they have been able to put out an offering that is very impressive. The entire staff at First Class Cattle Marketing will be very familiar with the offering so please give anyone of us a call. It will be our pleasure to work with you in a professional and confidential manner to fill all your herd bull needs and will be honoured to help you find the right bull for your specific program and budget. DLMS will also be onsite if internet bidding is what you prefer. We hope to see everyone in Fort McLeod on December 2 and wish you all the best this fall.

WINTERING PROGRAM

Offering free wintering until March 1, 2020 on calves that bring \$3,500 or more and two year old's that bring \$5,500 or more. If less is paid wintering will be at a cost of \$3.50 per day. Semen tests are deferred until March and bulls that are wintered come with a money back guarantee. Bulls must be insured if going back to the farm. Southern Angus is not responsible for more than the purchase price of the bull.

TERMS AND CONDITIONS

Cattle will sell under the standard First Class Cattle Marketing Terms Conditions found on page 19.

a Nutreco company

Southern Angus has invested time and money to create a bull that is healthy and will perform. A special formulated pellet has been fed to bulls and contains less than 10% barley to reduce the extra fat deposit but still promote healthy muscle growth.

This is a coming three year old virgin bull. He is out of a herd sire we raised out of Connealy Forward. We kept him as an insurance policy in case something happened to our main herd sire. He would be a great asset as two of our top end cows are in the pedigree.

In our herd, like others, we have clusters of mothers, daughters and sisters. These usually consist of cows that keep up in the calving program and don't show up open, all while raising a solid calf year after year. The dam of this lot does that and her bull calves average BW of 88 pounds and ADJ WW of 633 pounds.

This bull is out of a walking herd sire, Southern S. Upward 3C, son we raised out of Sitz Upward 307R, a bull that has been very popular in the Angus breed. Any sons of his would create excellent replacement heifers. The dam of 40F traces back to Hoff Tradition S C 456 who back in the 90's had the impressive 205 ADJ of 947 pounds and the 365 ADJ of 1633 pounds! Still impressive by today's standards as well! We still have semen from a son of his we raised and are considering using it again.

This bull's dam is a herd sire builder! She regularly has a bull calf but I'd keep a heifer from her in a heartbeat. She stamps length and correctness in all her calves. We have sold sons of hers to the Utopia Ranch as well as to Perry Whipple of Pincher Creek AB. This Bull will have no problem covering ground with his correct foot and leg structure as well as adding length and height to his calves. Check out his maternal brother also in the sale 51G.

This is the second calf from Southern Royal Cassey 68C. Her first calf sold at the 2018 Medicine Hat Bull Sale to Double Q Angus. Ken used him on heifers and commented on the very correct confirmation of the bull. With that in mind we used 68F on our own heifers this year as a cleanup bull. He is a moderate frame bull with excellent calving ease and a very fancy look about him. Big names in the pedigree as well. Tour of Duty on the top side and out of a Broken Bow daughter.

A Barstow Bankroll son that comes from a very thick bodied Southern Kruggerand 16H daughter. We sold Southern Kruggerand 16H to Windy Willows Farms for \$20,000 They built a program around that bull, seeing the benefit of his sons and daughters. We too see the benefit and are using semen we saved from 16H to build brood cows! This young bull would be an asset to any commercial or purebred herd.

We can't say enough good about this bulls dam! She had her first calf in April 2016 unassisted. She has been AI bred each year since and has not missed an opportunity to calve, and has caught up a month or more each time! This bull was born January 7, 2019 and she is due to calve January 1, 2020! Now she gets a little extra rest from all that catching up! She is a maternal sister to 5F in this sale. The sire of this bull, Bush's Easy Decision, had his first five sons from Peak Dot averaged \$35,500 Great blood on both sides!

This is a Power Tool son out of a first calf heifer. Performance is in the pedigree. The Erelite Cow Family has been in our genetics for over 40 years. Five or so generations back in the pedigree was a cow Dad sold to LLB and the story goes that was one of Lee's favorite cows and he was going to be keeping progeny from her. Great cow families really do make the herd. This guy has that and much more going for him!

What an EPD profile! Ultra performance and you can still use on first calf heifers! We bought this bulls dam at the 2017 Chinook Classic from Ron McLeod. She is treating us well Ron!

Southern Casino Chips 95G - Lot 33

Southern Pay Day 15D - Reference Sire

This Barstow Bankroll son came out of nowhere! We needed a bull for the heifers so we decided to use him. He went out at around 1200 pounds and came back in at 1600 pounds and everything we saw him breed was in calf! He gets fat so easy that he is a pleasure to feed because it doesn't take much. We are seeing the same look and quality in his progeny. In the pasture he is the hardest working bull I have seen. Stays with the cow until she is settled and makes sure to check all the cows frequently. He doesn't rest by the water when there is work to be done.

Terms & Conditions

TERMS & CONDITIONS The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

EXCHANGE Foreign exchange rates will be announced at the beginning of the sale.

BID Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility

of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

GUARANTEE All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

HEALTH It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

First Class Cattle Marketing IS AGENT ONLY It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. First Class Cattle Marketing Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.
