

GORDON JONES SIMMENTALS • SILVER LAKE FARMS

Full Fleckvieh & Red and Black Simmentals

welcome from Transcon Livestock

From us at Transcon we welcome you to the Prarie Partners Bull and Female Sale. On offer will be approximately 50 Bulls and 15 Females.

A person can run a set of wheels off a pick-up truck running up and down the roads from sale to sale sourcing herd bulls. The Prarie Partners sale has it all covered and in one place at the Killarney Auction Mart. From Fleckviehs to Reds and Blacks. Plus a set of Extra age bulls that should be very popular come sale day. I beleive there is a bull here that will work in any Purebred or Commercial operation.

Power bulls to calving ease type bulls....

Both the Marchant and Jones bull pens compliment each other and combine together quite nicely. On offer you will find a set of bulls that are very uniform in type, Bulls that are structurally sound and big footed and can get out and move. The bulls are big barreled and soft made. They have rib shape about them and have thickness of top and lower quarter.

Bulls that are super hairy and docile.

The set of open replacements coming from the Jones family are right from the heart of the replacement pen. Females that will go on and produce bulls like the ones on offer.

On behalf of the Marchant and Jones families and the Transcon Team we invite you to join us Tuesday March 16th at the Killarney Sales Barn. If you have any questions or inquiries on the cattle give us a call. We strongly suggest you contact the breeders to go to the farms ahead of the sale and have a look at the bulls and heifers. Or come to Killarney a day or two prior to the sale and view the offering.

@PrairiePartners

Welcome to the 19th Annual Prairie Partners Bull & Female Sale. I hope everyone has been safe and well since we gathered together last March. It has been an interesting year, to say the least. Lauren and I are thankful that the farm and yard work has kept us busy, and we've enjoyed many drives around the countryside to pass the time. But, we are looking forward to a time when we can all gather together again for a proper visit.

After almost 40 years in the Simmental business and 19 sales, it's amazing that we are still finding ways to improve on last year. That's what we love about it! We are really proud of the offering of bulls we're bringing to this year's sale. They are a uniform group with great dispositions, lots of muscle, rib shape and tons of hair. It's a good cross section of red and blacks, calving ease and performance, and all with good EPDs. There's something here for everyone from the purebred breeder to a commercial herd just starting out.

The bulls and females are all sired by our Herdsires: Springcreek Irish, Scissors Creek Emblem, and PWK Denray. The females selected will all make great brood cows. We have built our herd around cattle that work, and these heifers will make great replacement females. These last few years we've only sold through

the Prairie Partners sale, so you know you're getting the top of our program.

We encourage everyone to come take a look at the offering at the farm prior to the sale. In these days of online purchasing it really is the best way to ensure you get exactly what you want. Our loyal customers have often joked that they didn't even need to come to the sale, that I always pick the one that will work for them, and although I'm humbled by that, I'd really rather we do it together!

If you can't make it to the farm, check out the videos, or stop by Killarney Auction Mart March 14th or 15th to view the sale cattle. Feel free to contact the Transcon sales staff if you have any questions. Darren has been through the pens and will be sure to help you out.

Thanks in advance to all our customers old and new. This fall at Killarney Auction Mart's largest feeder sale 70% of the cattle were off Prairie Partners progeny. Thanks for shopping local!

Breeders take note - this is the type of calf we look for! This son of Springcreek Irish is as complete a calf as we have ever raised. An extremely well-balanced calf that catches your eye from front to back, top to bottom. Great depth of rib, long spined, huge hips and top. He's put together real nice. Add to that a moderate 80 lbs birth weight, the heaviest calf at weaning and yearling, above average EPDs, he's got a sterling black mama, and the list goes on an on. He is a curve bender. Our good friend, Wilf Davis, always says if a calf profiles every time you see him in the pen - he's made right.

This fellow has as square a hip and butt end as any bull in the pen. Wide top, lots of spring of rib, and a super hair coat as well. His Jack Daniels dam did an excellent job on him. If you want to raise some top-notch steers, find this fellow! He comes from a great cow family.

80H has got a great Blackout dam. She has been a top producer in our herd for years. He's a maternal brother to 81H, who is a stout and soggy bull himself. If you want to build a herd, keep every female you get off this guy. He will sire a great group of steers as well. A full brother sold to Holodrayga Bros. at last year's sale.

His shooter dam is putting her mark on our herd. He also has a maternal sister in the sale. Take a look at his birth date – March 1st – and he doesn't fall behind this pen at all. Here's a baldy with a little more frame. He will stretch out your calves and put some extra rib in them to produce a great group of steers. The heifers will be keepers too! The Denray females make great mama cows. His red blaze faced dam always gives us a blaze, so he might just work if you're looking for that money stripe! A half brother sold to Stewart Farms last year.

Sired by Scissors Creek Emblem, the dark red performance bull we purchased a couple of years ago. This fellow ticks off all the boxes. Polled, depth of rib, smooth front shoulder, good muscle shape, and a moderate birth weight all in a dark red package. He's off a dark red Shooter x Full Figures dam. True HEIFER BULL here! This guy won't disappoint. He's smooth up front and has a moderate 70 lb birth weight. With a CE of 12.2 he's above average. His Dream Weaver dam is moderate and smooth and goes back to our good old Shear Force cow 1W, who is the dam of lot 14. He's not the biggest bull in the pen, but you will sleep easy with him in your heifer pen.

This flashy white faced Cobra son is long spined and square hipped. He has a moderate birth weight, with a quiet nature and good hair. Here is a bull that will add pounds, appeal and value to his calves. Plus, he has a pedigree that should leave herd builder type females.

Harpoon is a bull with lots of performance, extra capacity, a nice big foot, structurally correct, soggy, wide topped bull with that dark red hair coat. This powerful Tycoon son is no fluke as his dam is a full sister to MARC 100D which produced an \$18,000 bull at Spring Creek Simmentals last spring!
